Bark Sea Fox Cruising for Whales.

Wednesday Dec 2<sup>d</sup> 1863. This day comes in with fresh breeze from S. E. Standing to the N. E. at daylight. Sperm Whales all round the ship. Lowered two Boats. about 8. A.M. the larbord Boat struck a small calf. then Lowered the Starbord boat and sent him in Chase of the Whales. after Chasing sometime and not getting fast. I Called the 2<sup>d</sup> mate on Board. and went in his boat myself. about 10. A.M. I struck a large Whale and got my boats stove fastening. The Starbord boat picked us up. and with 2 boats crews in one boat we picked up and saved what things we could and then left the Boat with a Black fish pole fast to it and went to the whale. Shot him with a bomb lance and set him spouting thick blood and tried to fasten to him but. Could not get near enough owing to having so many men in the Boat. so we lost the Whale & Boat and went on board to find the other boat. The Ship keeper had not seen the water boat since leaving the ship. Made sail working to windward about 3 P.M. found the Boat laying by a small whale. took him along side about 4 P.M. and cut in the Whale. Bald Island bearing W. 25 miles.
